LOVE YOUR CREDIT UNION

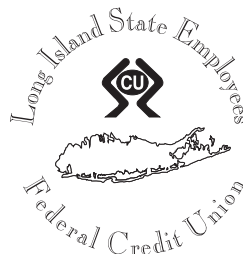

Credit Unions Are Different

It's simple. At credit unions, people are worth more than money.

OUR STORY

The **Long Island State Employees Federal Credit Union** has been in existence since 1938. We started out as the New York Highway Engineers Federal Credit Union and in the early sixties expanded our field of membership to include all New York State Employees who live and work on Long Island. Once you become a member, your immediate family is also eligible for membership. "Once a member always a member."

Did you know what is the difference between banks and Credit Unions?

- Credit Unions exist only to serve their members, not to make profits.

It's
about
people,
~~not~~
~~profits~~

- Credit Unions treat their members right, with personal service and fewer fees.

- Members own their Credit Unions. You're not a nameless customer.... you're an owner.

- The money you put in your Credit Union stays local.

- Credit Unions are simply "people helping people"

**No wonder members trust their Credit Unions.
Your Credit Union looks out for you.
It's always been that way... and always will be.**
